SUBJECT INDEX

Acculturation, of Vietnamese women in United States, 335
Advance directives, meaning of, 212
Advanced breast cancer, with delayed diagnosis, 430
African-American men, prostate cancer screening among, 349
African-American women
  health of, 342
  perception of breast cancer by, 421
Alternative treatment
  abandoning biomedicine for, 36
  in pediatric oncology, 282
Annihilation, sense of, in surgical ward caregivers, 187
Anticipatory grief, in family members in palliative home care, 226
Antineoplastic drugs, nurses' and pharmacists' exposure to, 79
Anxiety, in women with benign breast biopsy, 117
Attitudes, toward cancer in developing countries, 269

Barriers, to cervical screening, 441
Beliefs
  in cancer pain management, 90
  nonadherence to follow-up treatment and, 342
Benign breast disease, information needs, uncertainty, and anxiety with, 117
Bereavement, for child, 301
Biomedicine, abandoning for alternate therapies, 36
Bone marrow donors, unrelated, 205
Bone marrow transplantation
  meaning of quality of life after, 205
  oral pain and mucositis with, 385
  preceptorship program in unit for, 259
Branhill's family health cycle, 252
Breast biopsy, with benign outcome, 117
Breast cancer
  discovery of symptoms of, 430
  fatigue in survivors of, 136
  fatigue in women receiving radiation therapy for, 127
  living with, 187
  perceived risk for, 421
  perception of by black woman, 421
  preparatory information on chemotherapy for, 143
  prevention trial for, 178
  psychologic risk for at diagnosis, 430
  quality of life in, 1
Breast reconstruction, decision making for, 196

Canada
  barriers to cervical screening in, 441
  oncology nursing research in, 394
Cancer genetics, programmed instruction on nurses' role in, 57
Cancer knowledge, in developing countries, 269
Cancer nursing research, international perspective on, 225
Cancer pain
  in bone marrow transplant and leukemia patients, 385
  enhanced management of, 90
  morphine administration for, 289
  patients' reported experiences of, 364
Cancer patients, use of alternate therapies by, 36
Cancer progression, caregivers' perception of, 187
Cancer risk, psychologic, 430
Cancer screening, barriers to in urban Canada, 441
Caregivers, of breast cancer patients, 187
Caregiving, by relatives of dying patient, 106
Cervical cancer
  with abnormal Pap smear, 342
  barriers to screening for, 441
  human papillomavirus in, 31
  in Vietnamese women, 335
Cervical intraepithelial neoplasia, human papillomavirus in, 31
Chemotherapy
  fatigue with, 17
  oral pain and mucositis with, 385
  preparatory information for, 143
  reducing mucositis with, 263
Childhood cancer, mothers' experience with, 301
Children
  alternative treatment for, 282
  bereavement for, 301
  sociocultural influences on care of, 274
Coherence, sense of in dying patient, 106
Colon cancer
  hereditary nonpolyposis, 377
  inherited predisposition to, 377, 384
Colposcopy, for abnormal Pap smear, 342
Communication, in cancer pain management, 90
Concept analysis, for quality of life with non-small cell lung cancer, 151
Continuing education credit
  on inherited predisposition to colon cancer, 384
  on nursing role in cancer genetics, 75
Coping
  with childhood cancer, 282
  by family members in palliative home care, 226
Cross-cultural study, of mothers' experience with children who died of cancer, 301
Culture, involvement of relatives and, 106
Cytokine-modified tumor vaccines, 167

Decision making
  about do-not-resuscitate status, 212
  in breast restoration, 196
Delayed type hypersensitivity skin testing, evaluation in immunotherapy, 167
Developing countries, cancer knowledge and attitudes in, 269
Diagnosis
  of breast cancer, 430
  hope and quality of life after, 235
Do-not-resuscitate status, meaning of, 212
Dying children, sociocultural influences on care of, 274
Dying patient, involvement of relatives with, 106

Early detection, of breast cancer, 430
Editorials, 225
Educational opportunities, 76, 149, 222, 298, 374
Elderly, self-transcendence in, 358

Emotional support, of cancer patients, 246
Empathy, in evaluating professional development programs for palliative care nurses, 402
Empowerment, of spouse in partner's treatment, 97
Endocrine tumors, quality of life with, 411
End-of-life decisions, meaning of, 212
Erratum: Fatigue in patients receiving chemotherapy: patterns of change (21:1, figure 3), 195
Ethics, in breast cancer prevention trials, 178

Familial adenomatous polyposis, 377
Family
  with cancer, dynamics of, 252
  functioning of, 252
  in palliative home care, 226
  in patient's illness and treatment, 97
Fatigue
  in chemotherapy patients, 17
  correlates of in breast cancer survivors, 136
  patterns of, 17
  with radiation therapy for breast cancer, 127
  in rural cancer outpatients, 370
Finland, family dynamics in families with cancer in, 252
Follow-up treatment, for abnormal Pap smear, 342
Functional activities, after radiation therapy for breast cancer, 127

Gastrointestinal tract, quality of life with endocrine tumors in, 411
Gene therapy, for tumors, 167
Genetic testing, for colon cancer, 377
Genetics, nursing role in, 57
Grief, in family members in palliative home care, 226
Grounded theory method, in assessing DNR decisions, 212

Health care barriers, 441
Health-related quality of life, with non-small cell lung cancer, 151
Help seeking, for breast symptoms, 430
Home care, of chemotherapy-induced mucositis, 263
Hope
  in cancer patients, 10
  in family members in palliative home care, 226
  in newly diagnosed patient, 235
Hospice care
  for children, 274
  self-care deficits in, 312
Human papillomavirus, clinical update on role of in cervical cancer, 31

Illness
  explanatory models for cervical cancer, 342
  uncertainty about and fatigue, 136
Immunotherapy, active, 167
Incurable cancer, experience of suffering with, 364
Industrial hygiene scans, for exposure to antineoplastic drugs, 79
Information
  need for in women with benign breast biopsy, 117
  videotape for breast cancer chemotherapy patients, 143
Internal working model, for cancer pain management, 90
Interventions
  to increase hope and quality of life in newly diagnosed patient, 235
  measuring impact of on ability to control symptoms, 320
Involvement, of relatives in care of dying, 106
Israel, preceptorship program in bone marrow transplantation unit in, 259

Japan, care of dying children in, 274
Jordan, cancer knowledge and attitudes in, 269

Leukemia
  chronic myeloid, quality of life after bone marrow transplant for, 205
  oral pain and mucositis with, 385
  spouse in treatment of, 97
Loss, in cancer care nursing, 187
Lung cancer, non-small cell, quality of life with, 151
Lymphoma, highly malignant, spouses' view during treatment of, 97

Mismatch repair, in colon cancer, 377
Moral support, of cancer patients, 246
Morphine, side effects of in cancer patients, 289
Mothers, of child who died of cancer, 301
Mucositis
  in bone marrow transplant and leukemia patients, 385
  chemotherapy-induced, program for reducing, 263
Multidimensional Fatigue Inventory (MFI-20), reliability and validity of, 370
Mutagenesis, with antineoplastic drug exposure, 79
Mutation, in colon cancer, 377

Narrative analysis
  of black woman's perceptions of breast cancer, 421
  of breast symptom discovery and cancer diagnosis, 430
Nonadherence, to follow-up of abnormal Pap smear, 342
Nurses
  in breast cancer prevention trials, 178
  in breast cancer surgical ward, 187
  exposure of to antineoplastic drugs, 79
  perception of hope in cancer patients, 10
